Synergy

Together everyone achieves more.

Stevens & Lee/Griffin is an industry-focused platform of professionals working together to help clients in a wide range of industries to meet their challenges and capitalize on opportunities.

Among our more than 200 legal, investment banking, tax, accounting, consulting and government affairs professionals are former CEOs and other senior executives from numerous industries.

This multidisciplinary focus and the diverse occupational and educational backgrounds of our professionals allows us to better provide management-friendly advice and creative solutions to the complex challenges businesses face today.

To learn more about how the Stevens & Lee/Griffin team can assist you, call us at 800.510.0274 or visit www.stevensleegriffin.com.

Stevens & Lee is among the 200 largest law firms in the nation and Griffin is among the largest investment banks in the Mid-Atlantic region headquartered outside of New York City. Both firms serve local, regional and national clients from their 20 office locations, including their Reading headquarters.

Keynote

Andrea J. Funk, EnerSys Changing Times

Andrea will discuss technological breakthroughs and the rate of change in our lifetime. She will use personal examples of growth and innovation. The goal of this keynote speech is to inspire you to adopt continuous improvement behaviors in your industry, company, and day-to-day job.

Andrea is the VP Finance-Americas at EnerSys, the global leader in batteries, chargers and accessories for motive, broadband, reserve, aerospace and defense applications. She previously served as the Chief Executive Officer (2013-2018) and Chief Financial Officer and Treasurer (2010-2013) of Cambridge-Lee Industries LLC, a \$500M global leader in the manufacture of copper tubing and distribution of copper-focused products.

You've taken the
lead. And today is
better for it.

We're proud to support MANTEC's first Smart Manufacturing Conference for driving the change that makes each day better than the one before.
