

ACCELERATING QUALITY

Company Profile:

Since 1977, Direct Wire and Cable has manufactured cable sets for the welding, power rental, and industrial cable markets. In 2013, Direct Manufacturing was established to manufacture insulated wire products. Direct Wire and Cable is located in Denver, PA and has 87 employees.

Situation:

Direct Manufacturing first engaged with MANTEC in 2004 on a LEAN Project. Since then, the company regularly turns to MANTEC for guidance and assistance to achieve business objectives. When they lost key employees responsible for quality function at the same time they were facing customer quality audits, Direct Wire reached out to MANTEC immediately for:

CUSTOMIZED QUALITY SOLUTIONS

Desired Results:

Document/ Improve Quality Processes

Train New Employees

Implement Quality Management System

End Results:

IN LESS THAN 1 WEEK, MANTEC PROVIDED RESOURCES THAT:

2 Highly Qualified Hires

\$2M

Retained Revenue

Improved Quality

Seamlessly Transitioned Personnel

“MANTEC’s support during a critical transition allowed Direct to sustain manufacturing, improve our quality process, and establish a strong and stable quality department for the future. MANTEC provides excellent service and often provides insights for other areas to improve.”
Wade Smith, Vice President of Operations
