

CARES Act Services to Aid Manufacturing

The funding through the NIST MEP Emergency Assistance Program will support grants for a wide range of manufacturing activities.

There is no formal application process. However, the **number of grants available is limited**. Receiving services starts with completing a no-cost COVID-19 Impact Questionnaire.

MARKET DIVERSIFICATION PLAN

Identify opportunities for growth by leveraging internal expertise and primary and secondary research to address technology, business model innovation or new market or product focus.

OPERATIONAL IMPROVEMENT PLAN

It's your journey. Where are you now and where do you want to go? This collaborative process will identify gaps and result in a custom road map to implement your strategic operational objectives.

SUPPLY CHAIN RISK ASSESSMENT

A well-managed and diversified supply chain can create value and become a critical strategic asset. Use a practical, systematic approach to de-risk your supply chain while developing a process that is robust and fault-tolerant.

UPSKILLING NEW & RETURNING EMPLOYEES

More than 500 unique online classes validated by industry experts provide a broad offering of manufacturing training topics in a virtual setting.

CYBERSECURITY VULNERABILITY SCAN

This 23 point assessment is in accordance with NIST SP 800-30 and provides an approach to prioritize cybersecurity resources, make risk decisions, and take actions to mitigate vulnerabilities.

BUSINESS CONTINUITY PLANNING

When the next business disruption occurs, don't be left scrambling to react in the moment. This comprehensive service goes beyond pandemic planning to help you identify a variety of risks and put contingencies in place.

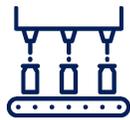

INVESTING IN *YOUR* FUTURE

Since March, MANTEC has mobilized its Manufacturing Network to respond to the needs of Pennsylvania manufacturers through the COVID-19 pandemic.

SALES AND MARKETING

Strategically expand your market share.

PROCESS IMPROVEMENT

Improve manufacturing process efficiencies.

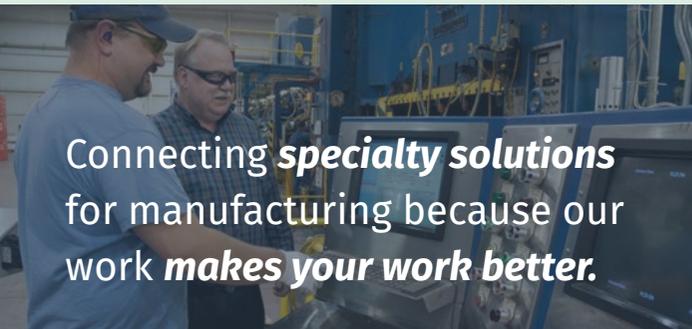

MANUFACTURING TECHNOLOGY

Integrate advanced technologies.

WORKFORCE ENGAGEMENT

Engage, train, and retain a skilled workforce.

Connecting *specialty solutions* for manufacturing because our work *makes your work better.*

Don't Just Survive- Thrive

MANTEC is here to help with technical assistance, training, and consulting services to help manufacturers survive, restart, and prosper beyond today's challenges.

Are you ready to grow?
