MANUFACTURING U: AI & TECHNOLOGY

June 15-19 OR July 13-17, 2026

9 am - 4 pm

Lebanon Valley College

FREE!

Earn $250 While You Learn How IT powers modern manufacturing!

You'll spend the week working with AI, computers, and networks in real labs — taking things apart, breaking them, fixing them, and learning how tech is used in manufacturing.

You'll:

- Work hands-on with AI and basic web tech
- Take apart computers and learn how the hardware actually works
- Do "break it & fix it" challenges
- Learn how networks and switches work
- Get an intro to hacking and cybersecurity concepts
- Compete in daily eSports-style games
- Go on manufacturing site visits and see tech in action
- Tour the college campus and learn about financial aid
- Learn how your strengths and interests connect to tech careers

Registration closes June 1 | Apply here!
