

MANUFACTURING U: ENGINEERING

July 20-31, 2026 (M-F) 9 am - 4 pm
Penn State Harrisburg

FREE!

Earn \$500 While You Learn About Engineering Skills and More!

If you enjoy digging into the “why” behind how things work and want to explore what studying engineering in college could look like, this program is for you. Here’s what you’ll do:

- Tackle engineering design challenges that require planning, testing, and refining your ideas.
- Learn how engineers analyze systems, optimize performance, and improve reliability.
- Tour local engineering and manufacturing facilities to see how concepts move from blueprint to production.
- Have the option to earn a nationally recognized industry credential (Certified Manufacturing Associate from SME).
- Build an experience that stands out on college and scholarship applications.

Registration closes July 8 | [Apply here!](#)
